4-H Information

4-H is an educational program providing the opportunity for urban as well as rural youth to learn valued agricultural and handicraft skills in wide-ranging topics: from animal, plant, and soil sciences; through mechanics, photography, and creative arts. The projects are limited only by the number of adults willing to facilitate each group. For example, youth can train a dog, raise a chicken, fix small engines, or produce fine art. Age-appropriate skills are acquired in looking after and handling the project; during that process, young people learn management skills.

Opportunities for learning the skills of leadership are found in every phase of 4-H work. A large variety of travel opportunities are offered due to organization across Canada by club, district, region, and province.

All 4-H projects that are made and raised throughout the year in our District are on display at the Fair. The 4-H awards system is designed to aid the individual personal development of the member. Awards are given on the basis of a member's personal growth or achievement, where a member is rated against their own experience and capacity as compared to a standard. All badges and certificates are awarded on this basis. 4-H is a highly respected program for which students can receive high school credits.

Boys and girls who have reached their 6th birthday by midnight, December 31 of the previous year and who have not reached their 22nd birthday by midnight December 31 of the previous year are eligible for membership in a 4-H club. The enrollment deadline is March 1 for all clubs.

Message from President of Parksville-Qualicum 4-H

Sadly, this year, our Parksville-Qualicum Beach 4-H club members will be onlookers only at the Coombs fair.

Covid impacted our program greatly and we lost leaders and projects as a result. Thankfully, we are looking ahead to a renewed and fresh beginning in 2023 and the fair is our unofficial kick-off! Please come by our booth and talk about all things 4-H. We are more than eager to tell you about the upcoming year's plans and programs we hope to offer. We will also be selling 4-H decals to the public, to let everyone know 4-H is alive and well in B. C.

Other neighboring 4-H clubs were able to keep operating and will definitely provide a 4-H presence at the fair. We welcome these clubs and are very pleased to have them attend. All 4-H members are knowledgeable and great communicators excited to talk to you. They are also very photogenic especially when interacting with their animals or projects.

This younger generation inspires all of us, with their enthusiasm, energy, and positive focus for the future. Country fairs often rejuvenate us by reminding us about the "good" in our lives; be it the prize-winning pie, a champion sheep/goat or a young 4-H member proud of their year's hard work and celebrating it at a local fair!
